

LASRO PESTA NATALIA TAMBA

PORTOFOLIO

ABOUT ME

LASRO PESTA
NATALIA
TAMBA

I am a 5th-semester Information Technology student with a strong interest in UI/UX Design. I enjoy creating simple, intuitive, and user-centered digital experiences. I am familiar with Figma, wireframing, user flows, basic prototyping, and usability testing. I am detail-oriented, quick to learn, and able to work both independently and in a team. I am eager to gain real industry experience through a UI/UX internship and contribute to meaningful projects.

LASRO P N TAMBA

SKILLS

I have basic skills in UI/UX design, including creating wireframes, user flows, simple prototypes, and choosing good layout, spacing, colors, and typography.

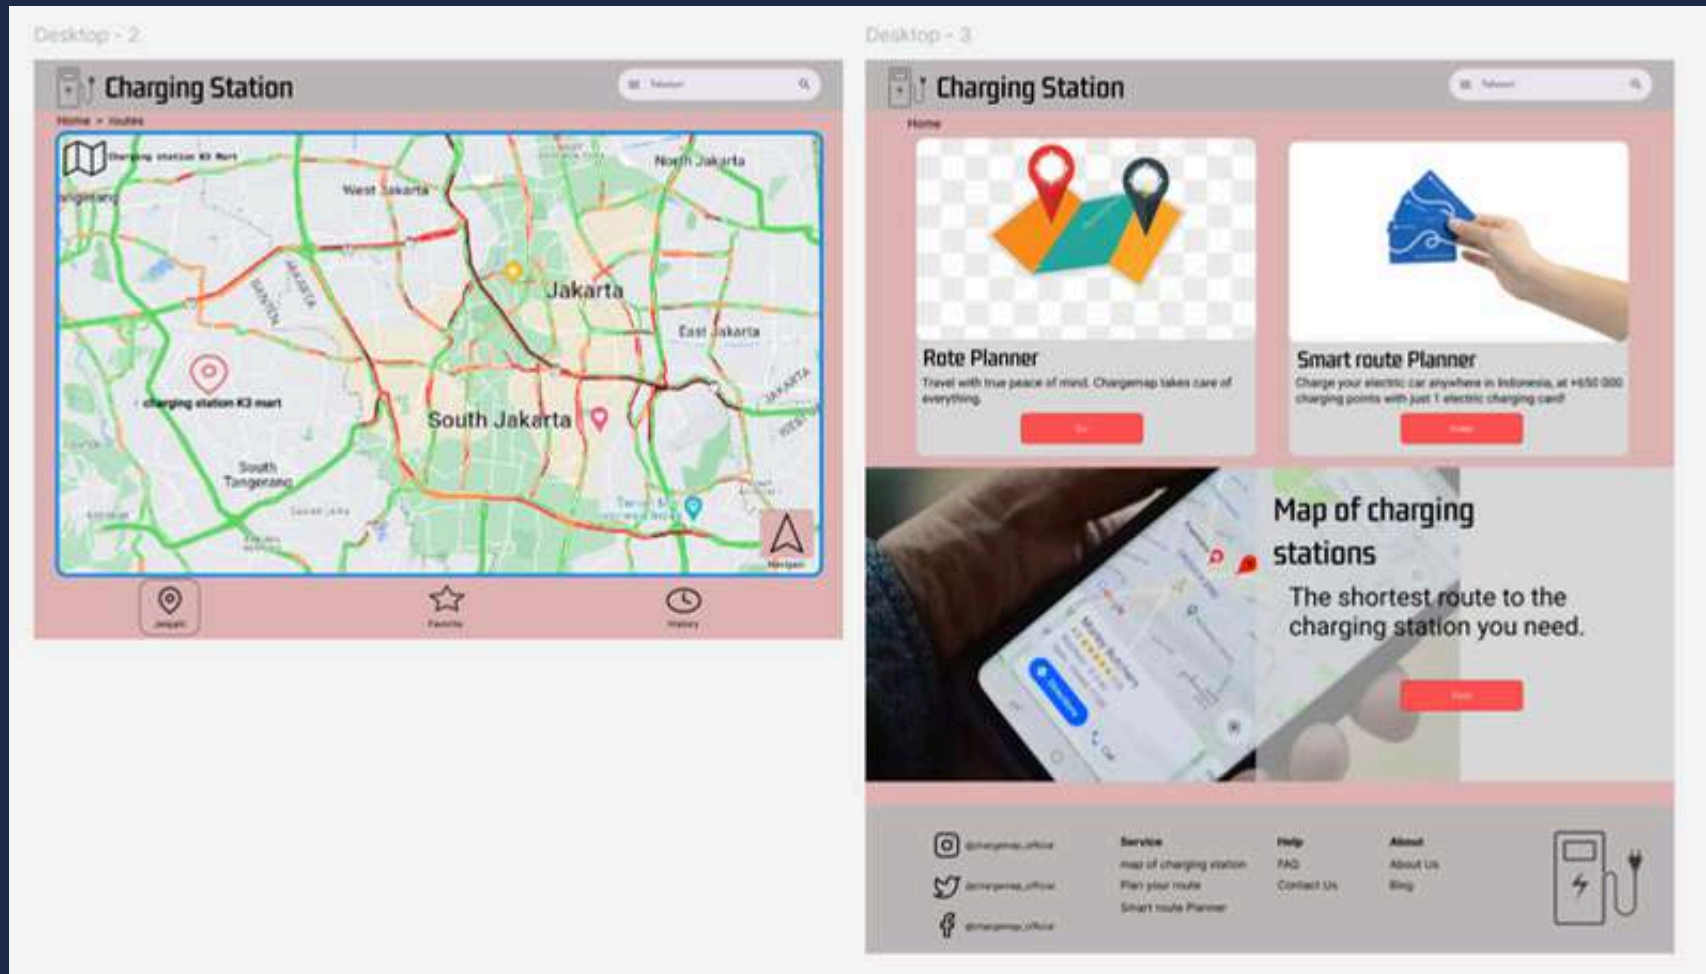

Graphic Design Project-1

Create a User interface of YPA
Rumah Kasih - 2024

Designed a cleaner and more user-friendly UI for the YPA Rumah Kasih website.

UI/UX Designer — created wireframes, UI screens, and visual improvements using Figma.

Improved navigation, better layout structure, consistent colors, and easier content access.

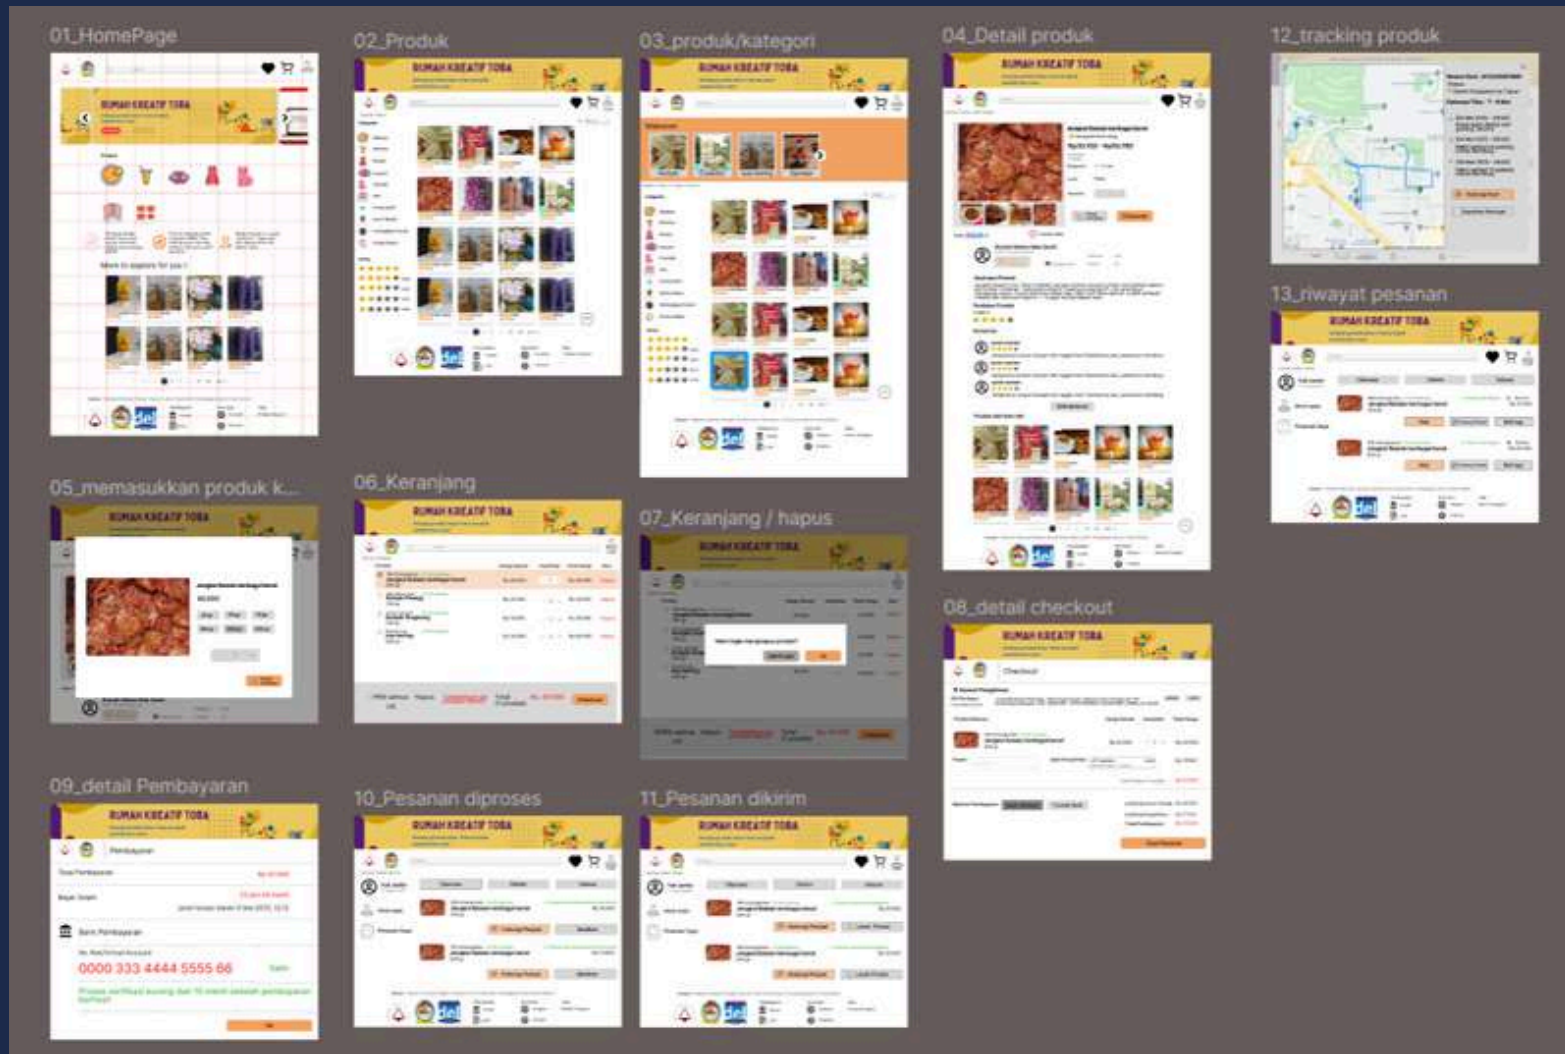

Designed a cleaner and more user-friendly UI Charging station

UI Designer — created wireframes, UI screens, and visual improvements using Figma.

Improved better layout structure, consistent colors, and easier content access.

Graphic Design Project-2

Charging station - DPP Project
2024

Graphic Design Project - 3

Re-design Rumah Kreatif Toba
2025

re-designed a cleaner and more user-friendly UI Rumah Kreatif Toba

UI/UX Designer — created UI screens, and visual improvements using Figma.

Improved better layout structure, consistent colors, and easier content access.

Explained the difference between Software Quality Assurance and Software Testing using a simple cooking analogy to make the concepts easier to understand.

Designed the educational poster, arranged visual elements, and selected images to deliver the message clearly and attractively.

Created a clear and engaging visual comparison that helps beginners understand SQA and Testing in a fun and easy way.

Graphic Design Project - 4

Educational Poster: Software Quality Assurance vs Software Testing - 2025

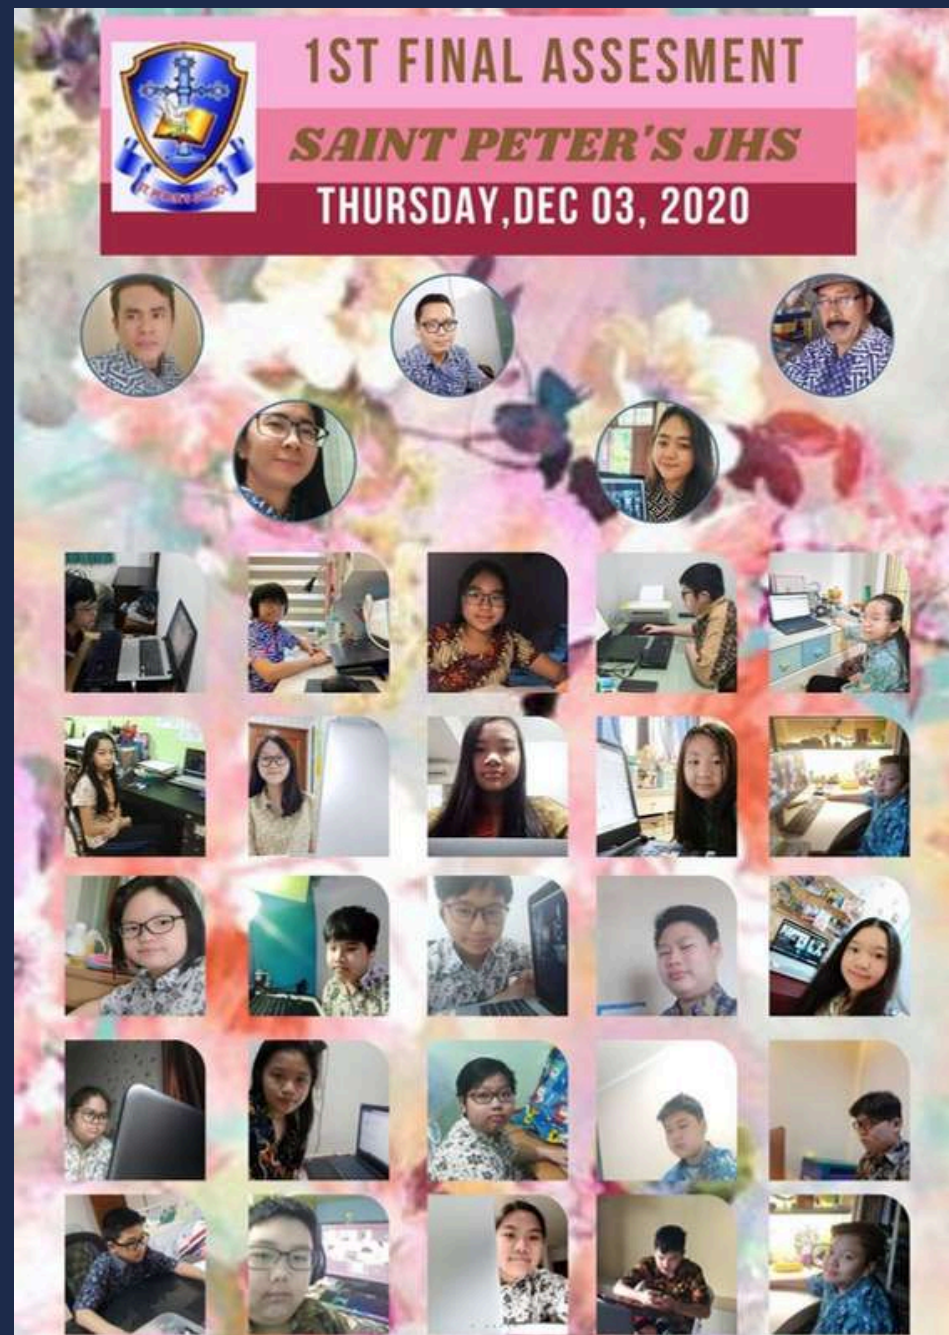

Created an educational biography poster of R.A. Kartini that highlights her background, early life, and key contributions to women's empowerment in Indonesia.

Designed the layout, selected visual elements, and organized the information to make the biography easy to read and visually engaging.

Produced a clear and aesthetic poster that helps viewers understand Kartini's life story, achievements, and influence in a simple and attractive way.

Graphic Design Project - 5

Biography Poster: R.A. Kartini - 2023

Graphic Design Project - 6

event documentation poster - 2020

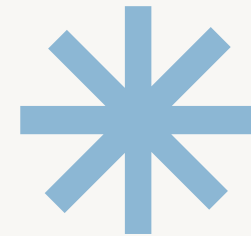

Created a documentation poster for the 1st Final Assessment of Saint Peter's JHS, showcasing all students and teachers involved in the event.

Designed the poster layout, arranged participant photos, selected background elements, and organized the event information to make it visually appealing and easy to understand.

Produced a clear and aesthetic visual recap that highlights the event atmosphere and serves as a memorable documentation piece for students and teachers.
